Great! No problem I will be waiting for his call. I also spoke to one of our cultural monitors and her name is Misty Benner she will gladly come out with us on that scheduled day because she is very familiar with the area as well.

Thanks again,
Tashina

Thanks Tashina!

On other news, we finally approved the new work assignment tasks for my contractor Aptim to begin the Weber Reservoir investigation. Their first step is to examine existing data. They wanted to ask you some questions about the reservoir, so I told John McMillan to go ahead and give you a call. If you don't know the answers then it would be great if you could refer him to someone who would know. Thanks!

Hi Tashina,

I connected with Ginny and got their availability for both the week of March 12 as well as the week of March 19. Can you provide me with Chairman Torres' availability for the week of March 19 as well? Then I can pass those dates up the chain. Thanks!

Hi Tashina,

Thanks for that feedback on Chairman Torres' schedule. I haven't heard back from Ginny yet about YPT's meeting availability. I will give her a call to followup as well, but meanwhile I will see about tentatively penciling-in something in the range of March 12-16.

Dante,

Just spoke with Chairman Torres and she is not free till the 12th-16th of March. Do you have a date when YPT will be having their meeting with EPA, NDEP and ARC?

Thanks

Tashina
